

Revealed!

How An 82-Year Old Doctor Used This Japanese Health Secret To Defy The Experts And Still Keep Dancing 90 Minutes Each Day...

If I listened to my doctors, I'd be in a wheelchair right now...

Keep reading. Because in this special report, I'm going to tell you my story... tear apart the myths about growing old... And **share with you the secret** I depend on to keep living zestfully long after I was told I should feel old.

My name is Joyce Johnson. I'm a doctor with a Ph.D. in nutrition. You can call me Dr. Joyce, like my patients do. I've helped thousands of people restore their health at the genetic level with strategic nutrition.

I'm 82 years old. I work 6 hours a day running my practice. And I still have the energy to take a 90-minute ballet class each day with the San Diego Ballet Company.

But none of this would be true if I had listened to the powers that be...

If I believed what my doctors told me over 40 years ago, I'd be stuck in a wheelchair right now!

But I didn't listen to the naysayers. When my doctors told me I'd have to give up what I loved—dancing—because my

(Continued from cover)

body just wasn't up to it, I decided to look elsewhere.

I became a doctor myself with a Ph.D in nutrition.

Before I lived on junkfood... Once I started researching nutrition and nourishing it properly, I was amazed at how my body rebounded.

Over the years, I've discovered many remarkable nutrients. **But one food stands head and shoulders above the rest.**

With my change in diet and the help of this special whole food supplement, I was able to keep dancing. **And years later, at 82, I continue to defy what the experts tell me about getting older.**

Now you may dismiss my story and say, “*That's just you.*” But in fact, *I had everything going against me.*

What I *did* have was belief in myself. *I didn't listen to what people told me came with getting older like giving up activities you love.*

By the time you're done reading this, you'll feel the same way.

You're going to hear from dozens of people—including doctors like me—who decided to buck fate and squeeze every inch out of life.

And each of us has tapped into the same unique whole food supplement to help us enjoy optimal health. In all my years of nutrition research, I have yet to find an equal to this superfood.

But before I tell you about this special nutrition, let's start by blasting apart **the biggest myth about getting old...** (please go to page 3).

“It's never too late to turn back your aging clock and feel energetic and healthy. This unique and invaluable form of nutrition has revitalized my health and thousands of my clients.”

— *Dr. Joyce Johnson, President of The Wellness Center of America*

About Dr. Joyce Johnson— Pioneer In Anti-Aging Nutrigenomics

Joyce Johnson, Ph.D. is one of the leading experts in the emerging field of nutrigenomics, the study of how nutrition can affect health at the genetic level. President of the Wellness Center, she uses a complex set of 99 blood tests to help patients understand their health risks and identify nutritional solutions. She studied hematology (blood science) with the famed Dr. Harold Manner, former head of the Biology Department at Loyola University in Illinois. Her pioneering method of detailed diagnosis and her nutritional advice has helped thousands of people enjoy a better quality of life. She hosts her own TV show, “Eye On Nutrition” and is a regular columnist for the senior paper, *Not Born Yesterday*.

The Biggest Myth About Getting Old

We're told it's inevitable that our bodies will fail on us. This is just what happens when you get older.

That's simply not true.

Our bodies have an amazing capacity to repair themselves. Think about how much abuse and neglect we put our bodies through over the years...

Our bodies keep going *despite* all we do. That tells you how effectively your body fixes itself.

Imagine what would happen if you gave your body the nourishment it really craves!

That's exactly what happened to me when I started taking this special nutrient. *I was a die-hard junk food junkie. But once I started treating my body right, it rewarded me in leaps and bounds!*

With this special whole food supplement I'm about to reveal to you...

1. You get the perfect nourishment for optimum health.

Some researchers consider this whole food supplement a nutritional miracle with its dense protein,

nucleic acids, antioxidants, and special fiber.

2. You can speed up your body's ability to get rid of toxins. Toxins may be the biggest health problem we face. This special whole food supplement helps your body get rid of toxins quickly, safely and gently.

3. Your natural defenses get powerful support. Your hard-working immune system is ravenous. This special whole food supplement beefs it up like nothing else.

Dr. Leon DeSeblo, internationally-recognized physician and researcher, once said very few people die a natural death. *We get old and kill ourselves by destroying our bodies.*

We fill ourselves up with poisonous toxins and decaying matter. And then we starve our bodies of the critical nutrients we need.

With this special nutritional powerhouse, you can fight back on both fronts.

Nature's Perfect Superfood

The special whole food supplement I'm so excited to tell you about is a tiny, single-celled freshwater algae called **chlorella**.

One of the oldest organisms on the planet, It's been around for at least 540 million years.

It's survived all kinds of changes to this planet—and still thrives.

So it's no small wonder it can help us thrive in the same way.

Chlorella may have close to the perfect nutrition for our health.

Impressed? I was. **But seeing is believing.**

By the time you're done reading the stories people share here—and the research behind them—you'll no longer believe all those depressing messages about getting old. You'll know better!

So let's get going... **let's debunk all those myths telling you it's too late to enjoy life.** Like the one that gets me hopping mad...

(Continued on next page)

Chlorella

Pioneer in integrative medicine, Michael Rosenbaum, M.D.

"Sun Chlorella Is The Closest Thing To The Ideal Nutrition For The Human Cell" By Michael Rosenbaum, M.D.

While the amount of nutrients you get from chlorella depends on the serving size...

Ounce per ounce, chlorella is a nutritional powerhouse.

Here's the kind of phenomenal nutrition in this tiny package:

Ounce per ounce, chlorella has...

- ▶ **Twice the protein as a T-bone steak;**
- ▶ **More B12** than beef liver along with B1, B2, B6, niacin, pantothenic acid. **Vegetarians take note,** chlorella may be the only proven plant source of the B12 used by our bodies;
- ▶ **More purifying chlorophyll** than any other plant on the planet;
- ▶ **6 times the beta carotene in spinach;**

- ▶ **50 times the antioxidant power of vitamin C or E for fighting free radical damage;**
- ▶ **More dietary fiber** than most fruits and vegetables;
- ▶ **Higher nucleic acid content than any other food—even more than sardines.**

Chlorella's extensive nutrition also includes...

- ▶ **Chlorella Growth Factor (CGF)**—found only in chlorella, CGF speeds cellular renewal and keeps your immune system strong;
- ▶ **18 rejuvenating amino acids including all 8 essential amino acids** your body cannot function without getting through your diet;
- ▶ **More than 20 vitamins and minerals** to nourish your body so it can serve you well.

DON'T LET THEM TELL YOU!

“With the aches and pains of old age you won’t be able to do anything you used to...” *Not true!*

When I was still a young woman, I was told I would never be able to dance ballet again.

But here I am at 82 still dancing every day! And I have Sun Chlorella to thank for it.

But it’s not just me. Listen to George M.’s story.

At age 67, George keeps up a rigorous schedule. He works a 12-hour shift as a mechanic for a mining operation, followed by 1 ½–2 hours training each day as a boxer.

Now keeping up this kind of pace would be enough to knock out most people. But for George this is just the opening round.

George M.

“With Sun Chlorella I’ve been able to do my training and keep working very comfortably. I’m able to keep up with the young folks.”

“Sun Chlorella has energized me

110%,” he says, and helps him sleep better.

George started taking chlorella 10 years ago on the advice of his mentor and father-in-law who had been taking it for 20 years himself.

“I am a fighter and hate to lose.” George says Sun Chlorella helps him keep moving, fighting and planning on a long active life ahead of him.

I love George’s attitude. And he’s right about chlorella helping him staying active and energized...

In a clinical study published in *Phytotherapy Research* involving women who had morning stiffness and achiness, chlorella supplementation over 2 months helped **reduce the intensity of the aches and pains by 22%**. A full 62% of the study participants reported **increased energy levels and better sleep**.

E. Van Rooyen decided to keep

taking chlorella after the study. She says, “I’m able to take really good walks now, and I’m traveling better. I’m also not nearly as forgetful as I used to be. I’m sleeping somewhat better, and I’m hopeful that I’ll continue to improve daily.”

When you try to move with a body starving for good nutrition, it’s like trying to do yard work with a broken wheelbarrow. It’s stressful... even impossible!

Chlorella gives your body what it needs to help build cells and tissue. So everything works smoothly.

Its special **chlorella growth factor (CGF) helps your body repair itself** quickly and easily. You end up with comfortable joint movement, relaxed and mobile muscles and energy to keep moving.

E. Van Rooyen

Mary Ell: Still Dancing At 103 Years Old!

Mary Ell

If you’re looking for some healthy inspiration, there’s no better person to look to than Mary Ell.

“I’m 103,” she says with a twinkle in her eyes and an impish smile.

Born in 1910 in the Southern Canadian prairie town of Bow Island,

centenarian Mary Ell moves like a teenager, bowls like a pro and still loves to dance. “I try to stay active all the time.”

A lot of things have changed over her lifetime. But one thing has been constant . . . Mary has never spent a single night in the hospital. Nor does she take any medicine. She attributes her vitality to herbs and vitamins. And Sun Chlorella is one of her regulars. “Before I always had something wrong – I had aches, I

had pains. My head ached all the time. I had dizzy spells. Now I turned the page. I feel good. I have no problems.”

And with her characteristic liveliness, she adds, laughing, “Maybe I’ll live another 103 years!”

Mary Ell isn’t the only one who uses Sun Chlorella regularly.

World-renowned chlorella researcher, Dr. Leon DeSeblo was known to eat only chlorella for months at a time. In his 90’s Dr. DeSeblo was more active than most 30-year-olds. And Dr. DeSeblo lived to be 107 years old!

Whether you’re 70 or 107, Sun Chlorella clearly has the power to improve the quality of your life . . . So you can liven up the dance floor like Mary . . . Or blast past those 30-year-old “youngsters” like Dr. DeSeblo.

Ready to enjoy life at a whole other level?

Call 1-800-661- 4087 to get your Sun Chlorella starter kit and 4 FREE gifts today! (Details on pages 22-23)

Unique Nutrient Highlight: Chlorella Growth Factor

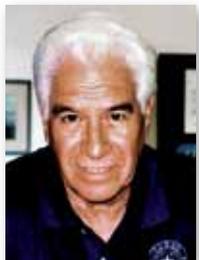

Sun Chlorella has in it a special nutrient found nowhere else on this planet—chlorella growth factor (CGF).

CGF speeds up your body's renewal at the cellular level. It keeps cell replication healthy and helps keep your immune system strong.

Chlorella's unique CGF renews and revitalizes your body at the cellular level.

"More energy than 15-20 years ago!"

"I've been taking Sun Chlorella for six months and have noticed that I have more energy. I do three miles of power walking and work out with weights and the ab master. I'm currently 62 and [have] more energy than I used to have 15-20 years ago. I'm also in the best health."

—A. Guerrero, Texas

"Small miracle for my shoulder!"

"After seven days of taking Sun Chlorella, my shoulder hurt less. Plus I have so much more energy it's unbelievable. Thanks Sun Chlorella—I'll always be taking you."

—D. Hilton, Illinois

Feeling comfortable at 88!

"I started taking Sun Chlorella... I was on other herbs, but Sun Chlorella has taken away my discomfort... at the age of 88 people remark on how my health is so good. They guess my age as late 60's or early 70's."

—L. Bowen, Wisconsin

Walking And Feeling Great!

"I have been using chlorella tablets for two years. I take twenty-four tablets a day. I used to not be able to walk very far without stopping for ten minutes at a time. Since taking chlorella, I feel great!"

—R. Greene, Florida

Enjoying an Active Life Again

"Starting in late October of 2001, I gradually developed pain in my right hip. Then my right knee began to bother me, and the aches became pains. I began to walk with a lurch like Gabby Hayes. I tried chiropractic treatments, which had worked in the past. This time it had little or no effect. So I stopped. I had to rise a half-hour earlier to make it to work on time. I have, all my life, been a great fan of walking. It

was my best and primary exercise. Now walking was a drain on my energy...I began taking chlorella in mid-February. I am enjoying walking again. My skin looks better and I have energy again."

—S. Bowler, Wisconsin

"No More Cramps In My Legs"

"I've now been taking Sun Chlorella for 5 months. I have not had a cramp in my lower legs since I went on vacation and miscounted my chlorella tablets. My bowel movements seem much gentler. I am now sleeping till 6:00 am in the morning. I go to bed around 9:00 pm at night."

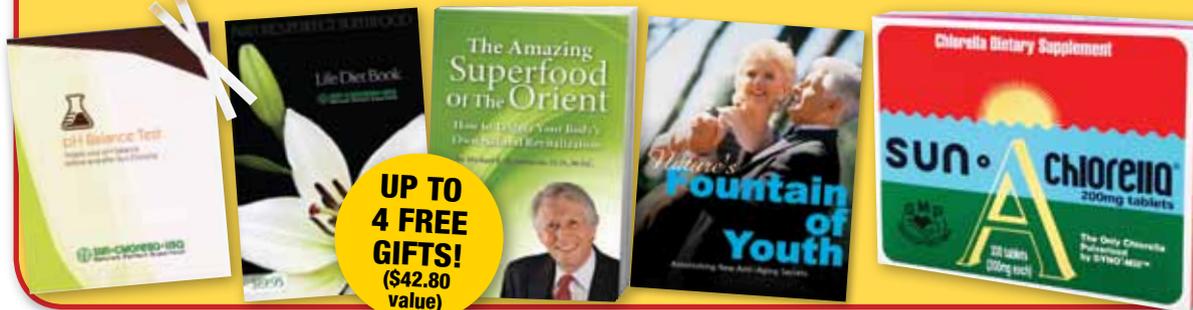

—B. Trifone San Diego, California

But it's not just aches and low energy that everyone gives you dire warnings about... **they also try to resign you to missing out on this simple pleasure...**

UP TO 4 FREE GIFTS! (\$42.80 value)

“Inevitably... When you get older every meal will become a minefield.” *Not necessarily!*

**DON'T
LET THEM
TELL
YOU!**

Now certainly, as a nutritionist, I'm not going to pretend you don't have to watch what you eat. And I'm not minimizing the suffering so many people go through...

But is this discomfort inevitable?

No, you don't need to experience this just because you're over 60.

And trips to the bathroom don't have to be an ordeal. Not with Sun Chlorella.

Dr. Mark Drucker, co-founder of the Center for Advanced Medicine has been taking Sun Chlorella for years and recommends it to his patients. Whenever his stomach starts to act up, he says he reaches for Sun Chlorella.

When it comes to constipation, one of my patients, Max, was miserable. But after 2 months of taking Sun Chlorella, he was back to being regular.

Mark and Max aren't the only ones experiencing digestive relief with chlorella. And two studies have verified this works:

■ **When constipated students at Mimasake Women's College took chlorella**, it helped increase frequency of bowel movement, total stool amount and improved stool consistency.

■ In a clinical trial conducted at the School of Medicine of the Virginia Commonwealth University, when people suffering from cramps, gas, bloating and diarrhea took 10g of chlorella and a liquid chlorella extract regularly for two months, the doctors were amazed... **Just about every single participant reported improved digestion, with an average of 60% less discomfort!**

Here's why Sun Chlorella makes such a difference...

■ **Sun Chlorella's powerful antioxidants** beta-carotene and chlorophyll along with vitamin D help support proper inflammatory response.

Sun Chlorella helps you keep your digestive system running smoothly.

■ **Sun Chlorella helps keep the good probiotic bacteria in your digestive tract healthy.**

A survey of gastroenterologists published in the *Journal of Gastroenterology* in 2010 found that 98% of these doctors specializing in digestion considered these helpful bacteria to be an essential tool for comfortable digestion.

In one lab study, chlorella has been shown to quadruple the growth rate of these helpful probiotic bacteria.

When your digestive bacteria are thriving, digestion goes smoothly. And they take good care of your colon cells, making sure digestion at the other end is comfortable as well.

“My System Had Greatly Improved!”

“I have been taking chlorella for a short period of time, and my system has greatly improved.”

—M. Judkins, Oklahoma

“No More Digestion Problems!”

“I found out about Sun Chlorella from a magazine. I have been taking Sun Chlorella for over two years now, and only stopped one time for a month or so to prove to myself that

it really was helping me. I don't have problems with digestion anymore. I am 73 years old and work five to six days a week delivering supplies, which requires lifting and use of a lot of energy. Along with eating good healthy foods, I believe Sun Chlorella is responsible for the health that I now have... I know it's working for me!”

—R. Widerburg, Idaho

“Finally constipation-free!”

“I have been taking Sun Chlorella for over 2 years now... adding Sun Chlorella has been a Godsend. Even though I eat a healthy diet and get plenty of exercise, constipation was always a problem for me. After one month I started noticing a major improvement. Now I am 'constipation-free'. I have more energy and feel great. I am 48 years old and thanks to Sun Chlorella I feel like a teenager again. Thanks again for such a wonderful product!”

—N. French, Tennessee

“Better Digestion And Very Regular Bowel Movements”

“I value my Sun Chlorella! It's given me increased energy, better digestion, very regular bowel movements so I always feel great. My congratulations to you and your company.”

—W. Schuer, California

With chlorella you can enjoy peace of mind at meal time. But it keeps getting better. **Because if you're not worried about mealtimes, you're probably worried about this hitting you as you get older...**

“Much to your embarrassment, when you get old your memory turns into a sieve—nothing will stick.”

DON'T LET THEM TELL YOU!

This doesn't have to happen!

If there's one thing that can fill you with dread about getting older, it's losing your memory and your ability to think straight.

How frustrating to lose hold of all that good life experience just when you need it most!

If you're determined to stay sharp and free of those “senior moments”, listen to this...

In one study conducted out of Kanazawa Medical College in Japan, 68% of the elderly participants showed better memory performance after taking 6 grams of Sun Chlorella and a concentrated chlorella extract for 6 months.

Now this is only one small study. More research is needed. Nonetheless it confirms what I've suspected from understanding nutrition...

Sun Chlorella helps your brain in three significant ways:

1. Sun Chlorella helps your body remove heavy metals and contaminants like mercury, lead, cadmium, PCBs, dioxin and others.

2. Sun Chlorella fends off free radicals that ravage brain tissue. Your brain consumes more calories than any other part of your body. When it burns all this fuel, your brain ends up producing a high level of damaging free radicals. However, Sun Chlorella can help your body mop up these damaging free radicals with very powerful antioxidants like chlorophyll and beta-carotene.

3. Sun Chlorella nourishes your brain with some of the most important brain nutrients out there. Along with the concentrated protein and healthy fats, Sun Chlorella has 3 nutrients your brain needs desperately. Sun Chlorella has more regenerative nucleic

Chlorella helps keep your mind sharp so you can savor memories and make new ones!

acids than any other whole food supplement. It has the super-brain nutrient, phosphatidylserine, shown in a number of animal and human studies to improve memory, learning ability and help counter depression. And it has B12 and B6.

One study showed that when people took high doses of B12 along with B6, they literally had half as much brain volume loss as people who didn't supplement with B12.

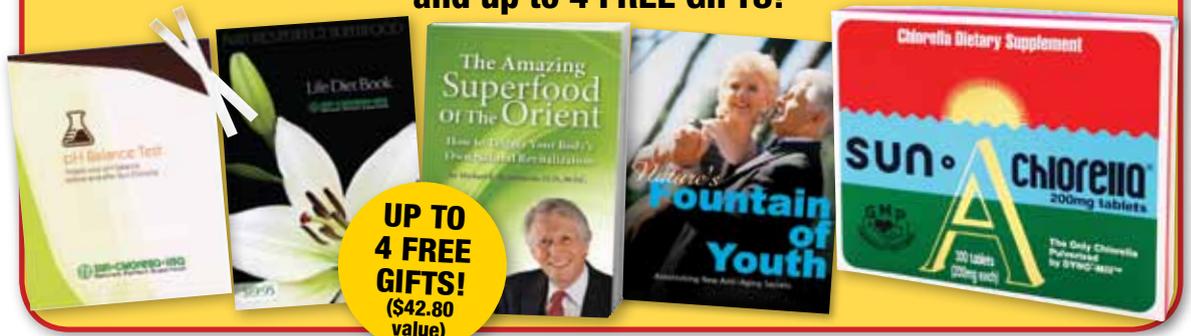

While Sun Chlorella does not have the levels of phosphatidylserine, B12 and B6 used in these studies, it gives you a solid start with these critical brain health nutrients.

Sun Chlorella is one of the best whole food supplements you can give your brain. **And the proof is in the results...**

“Better Memory!”

“After taking Sun Chlorella, in a week’s time I noticed more energy, better digestion and my memory is better.”

—M. Harmon, Minnesota

Reverend Says, “You People Told The Truth—My Mind Is Sharp!”

“This product works miracles I am feeling great my mind is very sharp you people told the truth I will use this product for the rest of my life. P.S. I will order every two months. P.P.S. Keep up the good work these pills are a God sent thank you so much I am a customer for life.”

—Rev. A. Maldonado, New York

You don’t have to lose all that good life experience! Sun Chlorella will help you keep your memory strong! But it also plays a big role in helping you make new memories—You’ve got to hear Velma’s story...

Look and feel young with the regenerative nutrition of Sun Chlorella.

“The Hollywood Stars’ Hottest Secret”

Here are just a few of the media reports on how Chlorella can revolutionize your health and restore a youthful appearance.

InStyle

“One of the most popular ‘in’ items”

InStyle magazine ranked Sun Chlorella as “the third most popular (out of 10) ‘in’ item among Hollywood celebrities.” Used by Sally Field and Jeanne Tripplehorn.

Newsweek

“Nature’s biggest seller”

“Smoother Skin in 4 Weeks”

Women’s World reports, “women taking chlorella daily reported smoother, firmer, more radiant skin and fewer wrinkle and age spots in just 4 weeks”... and... “this nutrient-rich supplement is like eating pure, concentrated mega-helpings of fruits and vegetables.”

SCIENTIFIC AMERICAN

“An important part of the world’s food supply”

Reader's Digest

“Bread from the sea”

alive

“Jump-start detoxification”

Alive Magazine says, “chlorella, contains the highest source of chlorophyll on the planet.”

How Velva N. Defied Her Eye Doctor's Predictions And Went On To Make 76 Afghan Blankets

81-year-old Velva N.'s eye doctor told her to get ready for deteriorating eyesight. He told her it was a natural part of aging.

But she didn't buy this.

Instead she focused on eating well and taking care of her health. And now she's knitting, crocheting and embroidering—and she still doesn't need glasses at age 81.

In fact, her vision is so keen, she's made a total of 76 afghan blankets—and counting.

Along with a healthy lifestyle, Velva thanks Sun Chlorella for helping her eyes. And research is bearing her out.

In 2008, a study published in the *American Journal of Ophthalmology* showed that simply by eating nutritious greens like kale and collards once per month, women decreased their chance of having eye problems later in life by 69%.

Just once a month!

If just some greens once a month can make that kind of a difference, imagine what it can do for your eyes to have a supergreen food like chlorella *every day*.

See, like collards and greens, **chlorella is packed with a rich supply of carotenoids—special plant pigments that feed your eyes and nerves.**

► **Sun Chlorella has the carotenoid called lutein.** Lutein is so important to your health that doctors can assess how good your vision is simply by measuring the concentration of the pigment in your retina.

Now a normal serving of Sun Chlorella won't give you the full amount of lutein recommended in studies. But with 3 mg of this special pigment per 15 tablets, it gives you a good start.

► **Sun Chlorella gives you an excellent supply of beta-carotene,** the natural precursor for vitamin A. Vitamin A became recognized as a

vitamin—by definition, a nutrient essential for life— thanks to its essential role in eye health.

When it comes to the natural form of Vitamin A, Sun Chlorella gives you a solid 18% of the RDA for this vitamin.

Eyes Are Doing Great!

"I've taken chlorella for over a year now. I take 3 grams a day with meals... My eyes are doing great."

—E. Olson, Massachusetts

"I can see well enough to still drive my car!"

"I have found Sun Chlorella to be a great help to me. My doctor (a specialist) tells me that my eyesight has improved this last year so I feel Sun Chlorella is what

has helped me. I have taken it now for four months. It also boosts my energy level as I can walk at least 2 miles a day without getting tired. I am so happy that I gave it a chance to work for me. Also I can see well enough to get my driver's license and still drive my car."

—V. Wales, Canada

Sun Chlorella will help you keep your vision sharp. **So don't give up on driving and reading quite yet...**

(Continued on next page)

"I had a little miracle and I haven't stopped taking chlorella since"

Velva didn't have a great start on life. "I was basically a sickly and weak person."

But things changed when she found chlorella in her late 50's. "I haven't stopped taking chlorella since." Now 81, Velva feels great.

She laughs and says people are amazed at how old she is and she doesn't take medications.

But she warns, "Chlorella's not a miracle pill, nothing out there is. But it's pure food." Chlorella is part of her overall healthy lifestyle.

For people who are uncertain about trying chlorella, Velva has this advice:

She reminds people that **she didn't start taking chlorella until later in her life—almost 60.**

"And you have to give it a fair chance. Each individual body is different. Some people notice things within 10-15 days. But if you want to give it a fair trial, I'd say take 90 days."

Adds Velva, "The longer I took it the better I got."

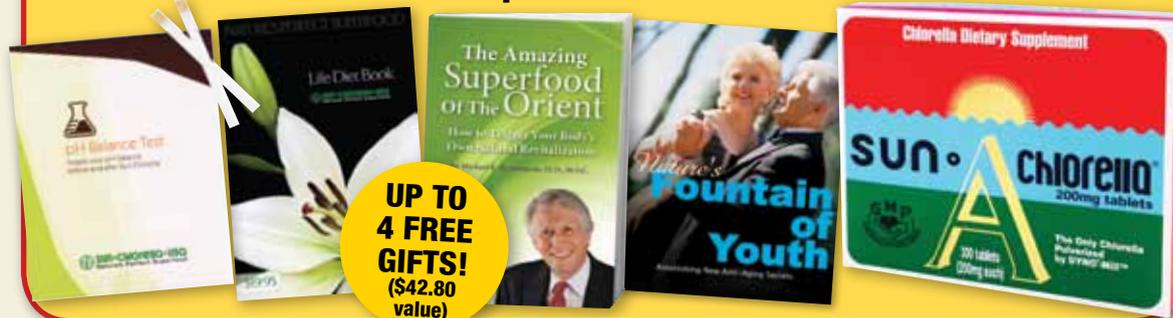

And the best part? **"I found I could do things I never thought I could do."**

“Your immune system—your internal defense force—will be useless once you turn 60.”

Not so fast...

DON'T LET THEM TELL YOU!

Statistically-speaking our immune system slows down with age. Our thymus gland shrinks to about 15% of its original size and the number of immune cells patrolling our blood tends to drop off.

However, Sun Chlorella along with good lifestyle choices like exercising regularly and eating correctly may help keep your defense system strong.

Research has shown chlorella supplementation stabilizes immune cell numbers and improves their responsiveness. Better yet, **it may provide particular support for your defenses when you age.**

A 2012 *Nutrition Journal* study showed that chlorella not only showed chlorella increased Natural Killer cell activity, it also helped increase the amounts of key immune communication molecules—interferon and interleukin.

And this was all after only 8 weeks!

Sun Chlorella keeps your defenses solid in several ways:

1. Sun Chlorella gives your immune cells the nourishment they need to reproduce quickly. Your immune system's effectiveness depends on growing its numbers quickly once it's activated. Sun Chlorella's special chlorella growth factor (CGF) speeds up healthy cell replication so it can do this.

2. Sun Chlorella delivers special fortifying polysaccharides called beta glucans right to your immune system. Scientists are still unraveling the role these special starches play in immune system health. But it's clear they do something right. As one researcher said, beta glucans can turn a body into an “arsenal of defense”.

When you nourish your body with chlorella, you're nourishing your hungry defense forces.

Healthy For The Last 15-20 Winters

“I have always believed in preventative health and have been taking Sun Chlorella tablets for approximately 12 years. This combined with

a sensible diet and regular exercise (played rugby for 30 years) Last played rugby in the World Masters (over 60 years) in 2005. My immune system's strong—I've been healthy for the last 15-20 winters. Still working in the land development field with my 2 sons.”

—N. Swan, Edmonton, AB

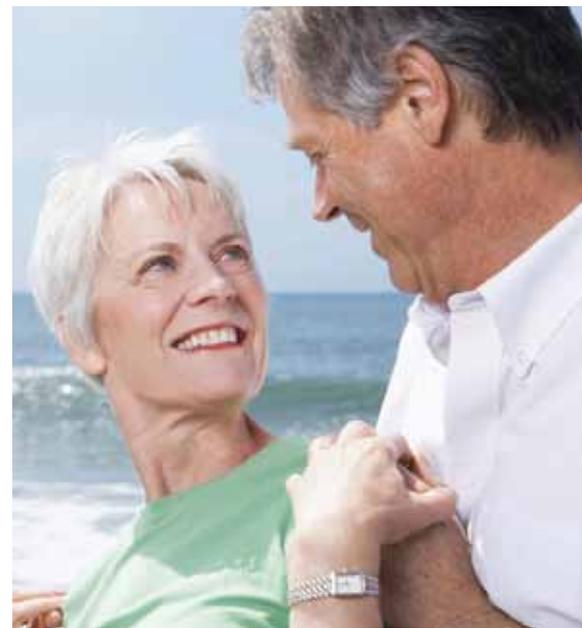

“If It Weren't For Chlorella, I Couldn't Exist”

“I have been using chlorella tablets for 5 years. My health is good. My wife isn't well and I take care of her—8 years. With chlorella, I have the endurance to do the job. I get my exercise and then some taking care of my wife. I do some cycling and work out on a stepper machine. I take the chlorella regular and never miss. If it weren't for chlorella I couldn't exist, it's that good.”

—L. Smith, Illinois

“I Work In A School!”

“I've been taking Sun chlorella for almost two years, and it has made a significant difference in my health and beauty. I work with kids in the public schools. But even in winter I'm not worried about my health. Stress is noticeably less problematic too. I have worn foundation makeup

Enjoy the peace of mind that comes with a strong immune system.

for 15 years and don't have to wear it anymore because my skin tone has evened out. I'm amazed! Thank you, Sun Chlorella.”

—K. Garner, Hawaii

“As A Physician, I'm A Believer In Sun Chlorella”

“I have used Sun Chlorella for many years and found it is beneficial. As a physician, I am exposed to infections on a daily basis. With Sun Chlorella, I keep my immune system strong. Using Sun Chlorella, I also have energy and compete in half marathons. I'm able to do more at age 55 than most 40 year olds. I am a believer in Sun Chlorella.”

—C. Hiers, Arkansas

Without question, Sun Chlorella keeps you in top form from the inside out. **And it gets better... because you don't need to listen to this downer either...**

“When you get up in years you can’t count on your heart. It loses strength as you age.”

Not necessarily...

You know I can’t get over how hardworking your heart is. Unlike most of our other muscles that get to relax when we go to sleep, our hearts keep thumping.

Amazing!

No wonder it needs special nutrition.

And there’s no better whole food supplement for your heart than Sun Chlorella’s supergreen goodness.

1. Sun Chlorella helps you keep your arteries elastic and flexible.

Dr. David Steenblock reported in his book *Chlorella, Natural Medicinal Algae* a modest amount of chlorella (.25 grams) with a small amount of liquid extract for a short amount of time, made a difference in patients’ blood vessel elasticity.

2. Sun Chlorella may help keep your blood pressure in a healthy range, according to one small-scale study conducted at the School of Medicine of the Virginia Commonwealth University.

3. Sun Chlorella may help you maintain healthy cholesterol levels according to two studies conducted in Japan and the U.S.

4. Sun Chlorella seems to intervene at the genetic level to help keep your blood sugar levels in a healthy range (You can read more about this fascinating discovery in the article on the right.)

If you don’t take care of your

A strong heart keeps you going strong.

hardworking heart, it will without a doubt have a hard time taking care of you.

But if you give it the loving nutrition of chlorella, you can be sure your heart will be healthier and stronger than ever.

A heart you can count on.

“Blood Pressure Is Normal”

“I have been using Chlorella tablets and [my blood pressure] is normal.”

—R. Dutcher, North Carolina

(Continued on next page)

Medical Researcher, Dr. Merchant Discusses Why Chlorella Is The Future Of Nutrition

I first started conducting research on Sun Chlorella in 1985.

Study after study showed Sun Chlorella made a significant difference in people’s health. Over and over again patients told me they planned to keep taking Sun Chlorella after the study ended.

However, I didn’t really understand then **how truly revolutionary chlorella’s nutrition is...**

In 2008, a group of Japanese scientists demonstrated chlorella can support healthy cholesterol and blood sugar levels. But then they didn’t stop there... They looked at the genes of the people involved in the study before and after taking chlorella.

What they found was astounding... **supplementing with chlorella seemed to turn on genes linked to blood sugar and cholesterol metabolism.**

Of course, this study is a small, preliminary study. We need more research to confirm these results. Nonetheless, it may explain why chlorella seems to have such a profound effect on our health.

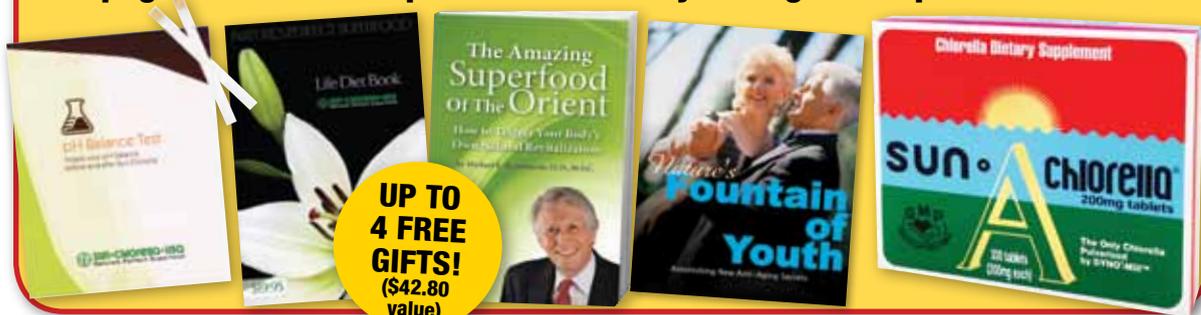

I always tell people, don’t wait. Start taking chlorella now. **It’s never too late to start. And the sooner you start the sooner you’ll experience its benefits.**

6 Doctors Tell How Sun Chlo And Why It's The First Thing The

You turn to your doctors for advice. You look to them for answers... Problem is too many doctors are struggling to take care of their own health—let alone yours!

Fortunately, the world of medicine is starting to shift... These doctors represent the hundreds of doctors who have turned to nutrition and Sun Chlorella as a core part of their practice... and taking care of their own health.

Dr. Raisen's Story

"My headaches were so severe that sometimes all I could do was crawl into bed and lay very still in the dark for hours. I credit this miracle from nature for helping me at last."

"Sun Chlorella's rich nourishment and gentle but effective help in removing toxins also helped remove my headaches. Since then I've taken Sun Chlorella faithfully. I never miss a day. And I haven't had another severe headache in 8 years.

I specialize in caring for women in my practice. And **Sun Chlorella is one of the first things I recommend.** It's helped so many of my patients regain their energy and zest for life."

—*Shera Raisen, M.D., Leading family practice physician combining Western and Alternative Medicine, Santa Monica, CA*

Dr. Mark Drucker's Story

"A few years ago, I began suffering from constant fatigue and fuzzy thinking. Sun Chlorella helped me remove the toxins from my body that were hobbling my brain and nourished me back to excellent health."

"Helping patients get to the root of their health concerns quickly and safely has been my life's work. But none of the medications or supplements I tried seemed to help. Sun Chlorella helped me reclaim my health. It is so effective in so many ways I recommend it to all my patients. And yet, it is so safe, **I've been giving it to both my children since they were 8 months old.** They love the flavor and I love watching them grow strong and healthy."

—*Mark Drucker, M.D., Co-Founder of the Center for Advanced Medicine, Encinitas, CA*

Dr. Matthias Maas' Story

"After I survived a near-death experience, Sun Chlorella gave me so much stamina I cover 18-hour shifts while caring for my patients."

"When I was younger, my doctor prescribed two new medications and mixed up the dosages by accident. I had a severe reaction and nearly died.

That's when I decided to take matters into my own hands. I discovered Sun Chlorella. When I started taking it, my health began to change dramatically. It nourished my worn-out body and helped remove toxins that were doing me harm.

Today I ride my bike to work every morning—climbing 8 miles up steep Washington hills. And I still have the energy to work 18-hour shifts taking care of my patients. **For energy, clear thinking and good health, Sun Chlorella is my number one recommendation!"**

—*Matthias K. Maas, D.C., Member of the International Foundation for Nutrition and Health Specialist in natural health and nutritional therapies, Bellingham, WA*

Dr. Michael Rosenbaum's Story

"In my 35 years as a physician, I've never seen another superfood or supplement deliver real results like this. It changed my life. And it's made all the difference for my patients."

"When I graduated from medical school, the long hours and the stress of residency took their toll. Before long I felt like I was wading through mud each day. Sometimes it felt like I could barely function.

It wasn't until I stepped away from my medical school training that I found something that worked. Sun Chlorella is what did it. Since I started taking this whole food supplement decades ago, I haven't stopped. I feel terrific.

It's the first thing I recommend to all of my patients. In fact, among many of my colleagues, Sun Chlorella has become a standard part of any detoxification protocol. It is one of the most effective and safe ways to help your body remove toxins and rebuild worn-out cells."

—*Michael Rosenbaum, M.D., Pioneering integrative medical expert and author of Solving The Puzzle of Chronic Fatigue Syndrome, San Rafael, CA*

reella Changed Their Lives... y Recommend To Their Patients

Dr. William Kellas' Story

"My doctors told me there was nothing they could do—I was going to be in a wheelchair for life. I was determined to prove them wrong. So I went back to school to study nutrition and find something that worked!"

"A few years after graduating from business school, when I was 28, something started going terribly wrong with my health. My doctors told me soon I'd be in a wheelchair for life.

I was determined to prove them wrong. So I went back to school to study nutrition. I studied medicine, biochemistry, herbs, nutrition, immunology, toxicology, microbiology and more. I started to learn how by giving my body the nutrition it needed and getting rid of toxins, I could help my body fight back.

Good nutrition has helped me regain my strength and Sun Chlorella has been key to this. I use it every day and **I tell all my patients it is nature's most powerful cleansing, health-giving and energizing discovery!**

—William Kellas, Ph.D., Author of *Surviving The Toxic Crisis*, Carlsbad, CA

Dr. David Nelson's Story

"It's embarrassing to admit as a doctor... But 8 years ago, I went through a period of time where I could barely get through my workday. Many afternoons I felt like I could curl up on an examination table and take a nap."

"As a clinical nutrition specialist and die-hard runner for more than 20 years, I'd always taken good care of my health. But lagging energy almost forced me to give up jogging. But then a colleague told me about Sun Chlorella. Now, I've got enough endurance to run every morning and go the distance. Even more energy than when I was in my 30's.

When my patients come to see me, tired to their bones, frustrated with joint stiffness, stomach distress or even sleeplessness, **I always recommend Sun Chlorella.** Time and time again, they report back to me Sun Chlorella helped them turn things around!"

—David Nelson, Ph.D., Clinical Nutritionist at the Center for Advanced Medicine, Co-host of the radio show "Health Talk, A Second Opinion", Encinitas, CA

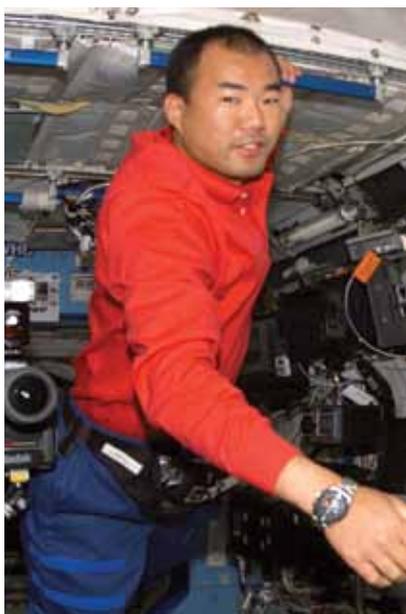

Powerful Enough For NASA...

Researchers at NASA are looking into chlorella as a potentially ideal food source for long term space travel.

"Chlorella is so nutritionally complete that astronauts could survive on it alone for long periods of time. [It has] been considered for use in spacecraft and space stations on the Moon or Mars."

—Dr. Dale W. Jenkins
Office of Space Science
And Applications

One NASA scientist spent a month living in a sealed room oxygenated only by chlorella on a diet that included 50 g of chlorella every day. **NASA's database has a total of 162 studies on how chlorella can help with long-term space travel.**

Gentle Enough For Pregnant And Breastfeeding Women...

In 2010, Japanese scientists showed supplementing with chlorella decreased the toxin dioxin in breast milk and fetal cord blood. It also increased immunoglobulin A levels, a key immune molecule passed from mother to child. **Drs. Mark Drucker and David Nelson both give Sun Chlorella to their children and recommend it to other parents.** Chlorella is one of the most thoroughly researched superfoods...

- Over 4000 studies in Japan and Taiwan alone...
- The subject of 2 Nobel Prize winning research studies...

Keep reading to find out more why NASA along with so many universities and medical schools around the world are intrigued with this simple yet amazing food...

The Environmental Threat That May Be Sucking Your Energy And Life Away

While in general I don't go with the pessimists, I've got to agree with one group of doom and gloomers. It's on the topic of toxins.

We're living in a toxic stew.

▶ **There are 80,000 chemicals registered in the U.S.** And every year that list grows by 2000 new chemicals.

▶ **The American Red Cross found that the average baby's umbilical cord had 287 contaminants,** 180 of which were known carcinogens. Imagine how many we build up as we get older!

▶ **The processed food we put in our mouths can have as many as 2800 additives.** In fact, by one estimation, the average American consumes 10 pounds of unnatural food additives each year! And some of these last for decades in our bodies.

▶ **The average municipal water supply can contain as many as 1,200 contaminants.** And these are only the ones they are testing for!

Even our personal care products—like shampoo and deodorants—put chemicals in our body.

Toxins are everywhere—in our food, water, the air—even shampoo!

Now our bodies are built to take care of some junk—but the amount we're exposed to everyday is overwhelming. The toxins our body cannot remove sit inside of us. Some—like DDT, stay in our bodies for as much as 30 years!

And these toxins are making us tired, achy and cranky. When it comes to health, they're like a ticking time bomb. (Take the Toxic Overload test on this page.)

The good thing is, Sun Chlorella can help your body's toxin removal systems work even better. In fact it's so good that...

“Because of the clinical research behind it, Sun Chlorella is now considered standard protocol in toxin removal among my colleagues”

—Dr. Michael Rosenbaum, author of *Solving The Chronic Fatigue Puzzle*

✓ **Chlorella helps remove dioxin:**

Two landmark clinical studies published in the *Journal of Medicinal Food and Chemospheres* showed that pregnant women who supplemented with chlorella reduced the dioxin levels in the cord blood (by 26%) and in their breast milk (by 30%). Dioxin is found throughout the world's food supply.

Animal studies and cell culture studies suggest that:

✓ **Chlorella removes PCB's:**

Studies at the School of Medicine, West Virginia University, demonstrated that chlorella helped remove polychlorinated biphenols (PCBs) (a major pollutant found in pesticides and herbicides).

✓ **Chlorella helps remove heavy metals** such as copper and cadmium.

✓ **Chlorella removes mercury:** Research shows that chlorella effectively reduces mercury in the bowel and cells of the body.

Is Acid Eating You Up From The Inside Out?

If your body gets too acidic, many of the chemical reactions necessary for good health won't go right. You can't sleep as well. You feel tired and achy. Your digestion suffers.

When you restore a proper pH (acidity) level to your body with the right diet, your body can work the way it's supposed to. **Sun Chlorella helps your body recover the right pH balance.**

With this special pH test kit, you can track Sun Chlorella's effect on your body right from the start.

This pH test kit is simple, safe, easy to use. It comes with instructions and a color-coded chart.

And it's FREE with your order of Sun Chlorella today. See p. 22-23 for details.

Do You Have These Signs Of Toxic Overload?

Please check any that apply to you:

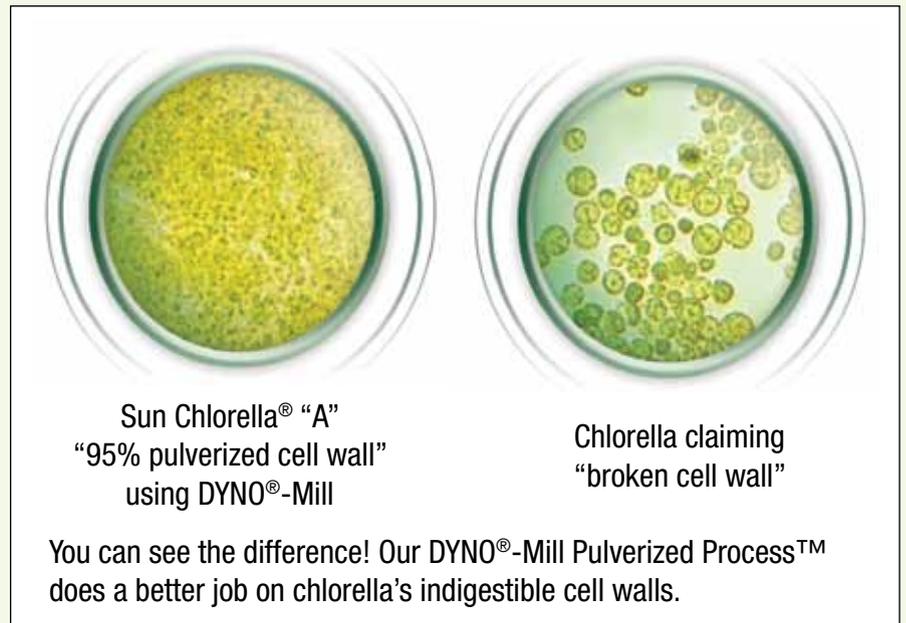

- | | |
|---|--|
| <input type="checkbox"/> Tiredness that won't go away | <input type="checkbox"/> Bloating |
| <input type="checkbox"/> Trouble sleeping | <input type="checkbox"/> Indigestion |
| <input type="checkbox"/> Brain fog | <input type="checkbox"/> Skin rashes and itchiness |
| <input type="checkbox"/> Headaches | <input type="checkbox"/> Stiffness |
| <input type="checkbox"/> Moodiness | <input type="checkbox"/> Achiness |
| <input type="checkbox"/> Hair loss | <input type="checkbox"/> Low sex drive |

If you checked just three of these, your body may be overburdened with toxins.

12 Reasons Why You Shouldn't Settle For Any Other Brand Of Chlorella

We invite you to compare Sun Chlorella with ANY other brand on the market. You will find that only Sun Chlorella can give you the purity, quality and exceptional nutritional value we guarantee is in our product. Here's why:

1. We use **Chlorella pyrenoidosa**, the nutritionally superior species. Compare this with other brands that use *Chlorella vulgaris*. (Vulgar is the Latin word for "common".)
2. Our exclusive **DYNO®-Mill Pulverized Process™** breaks down the tough outer wall of chlorella to give you twice the nutrition of unmilled chlorella. Only chlorella pulverized by DYNO®-Mill gives is 95%-99% pulverized for more than 80% digestibility.
3. Other methods for breaking down chlorella's tough outer wall use enzymes, chemicals or heat and end up destroying much of chlorella's nutrition or contaminating it. The DYNO®-Mill Pulverized Process™, which uses simple pressure changes, keeps our chlorella pure and preserves its nutrition.
4. Our chlorella is **GMP Certified in Japan**. Our manufacturing facilities are certified for the highest quality production processes as stipulated by the Food and Drug Administration.
5. We have been industry leaders for more than 40 years (30 years in the US). We pioneered the use of chlorella and have created most of the significant innovations and standards for the industry.
6. We grow our chlorella outside in full sunlight. Research has verified that the more chlorella is exposed to sunlight, the more concentrated nutrition it produces, especially when it comes to Chlorella Growth Factor.
7. We've applied research and innovation to culture the purest chlorella and we use every process available to check and purify our product.
8. We use only pure mountain spring water to grow our chlorella. Pure water helps us cultivate contaminant-free chlorella.
9. We use no artificial ingredients, binders, or fillers. Our tablets are pressed from pure, dried chlorella.
10. Our special packaging locks in freshness and allows us to give you only minimally-processed chlorella.
11. At every level of service, our employees are encouraged to look for ways to innovate and improve on how Sun Chlorella is produced and shipped to your door.
12. For 3 years in a row, Sun Chlorella tablets have been awarded the Grand Gold Award by the independent Monde Selection in Brussels, Belgium.

It doesn't make sense to invest in a superfood like chlorella—and not get the most nutrition you can out of it. Or to settle for unnecessary contaminants. Only Sun Chlorella can promise you these 12 levels of quality.

Don't settle for less than the best. try Sun Chlorella today!

“You can’t escape this when you g galore, dull grey hair and tired, With Sun Chlorella you can look m

I don’t mind a few wrinkles—they say you’ve lived a little, laughed a little and have some wisdom to you.

But who wants to look worn down by life. I sure don’t—and I’m sure you don’t either.

That’s why Sun Chlorella is one of my favorite whole food supplements. First of all it gives you the kind of nutrition your body needs to build healthy cells—23 vitamins and minerals as well as protein.

But there’s something particularly special about Sun Chlorella when it comes to renewing your body...

See, Sun Chlorella has in it a very special nutrient called chlorella growth factor (CGF).

CGF is an amazing substance. Chlorella has one of the fastest rates of cell replication of any organism. In good conditions it can triple its cell numbers within 20 hours. Few organisms can hold that pace.

And scientists attribute its ability to regenerate so quickly to its unique chlorella growth factor. All organisms have some kind of growth

Feel good about how you look! Sun Chlorella nourishes beauty from the inside out!

factor, but chlorella’s is especially powerful.

And good news for you, it seems to have the same effect on your cells, too, when you eat chlorella.

It speeds up how your body regenerates at the cellular level.

Strong, lustrous hair... smooth, glowing skin... less wrinkles and more youthful beauty...

And that’s just what you’ll see on the outside...

And Sun Chlorella brings you

youthful vitality that springs from deep inside of you.

One of my patients, Mary, hated how her hair was starting to look thin and lifeless. And she felt tired all the time.

I had her take several spoonfuls of chlorella each day. To her delight, **within one month of taking Sun Chlorella, she started seeing the difference in her hair. And her energy was soaring.**

My Skin Is Supple, Not Dry And Blotchy

“When I started taking Sun Chlorella, my overall energy was low, my skin was somewhat dry & blotchy and my endurance was at an all-time low. After about 4-5 weeks (taking 15-20 green tablets a day) I started noticing some changes; my skin became more supple & no longer DRY. The redness or blotchiness disappeared. And my endurance has increased substantially. My mood as a result has been.”

—B. Ferretti, New Jersey

The Secret To Getting The Most Out of Sun Chlorella

There is perhaps no better food on this earth. But there’s a secret to getting the most out of Sun Chlorella. And unfortunately some people miss out on it.

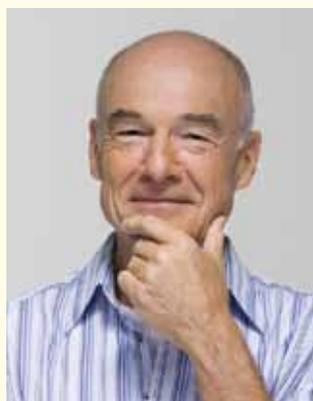

See in this fast-paced society, most of us want quick solutions... and **Sun Chlorella can take some time to work.**

While some people experience the Sun Chlorella difference in just days or weeks, many people don’t really feel the profound health benefits from Sun Chlorella for 3 months or even 6 months.

If you stop supplementing with Sun Chlorella too soon, **you may end up giving up on Sun Chlorella before you get to really enjoy how profoundly it can change your life.**

Think about this... It takes many years for a health problem to develop. Sure you can fix some outer

signs of poor health—like make pain go away temporarily. But usually the underlying problem—like a strained muscle isn’t fixed by the pain relief. It’s still there.

When you use nutrition like Sun Chlorella, you’re rebuilding your body’s health from deep inside. And this can take some time for you to feel the results.

The good thing is that your body wants to be healthy. So even if it took 20 years to get to the point you are at now, **when you give your body the nutrition it needs it can turn things around relatively quickly.** When you consider the 10, 20, 30 or more years of neglect, 3-6 months is nothing.

That’s why I always tell people—**don’t sell yourself short** because you’re impatient. Stick with Sun Chlorella and you’ll see what I mean!

row old—wrinkles dull skin.” No way! more beautiful than ever!

Skin Is Getting Smooth

“Two years ago I was taking Sun Chlorella. New neighbor told me I look young for my age. She said my skin was smooth, not wrinkled and rough like people. I had stopped taking these pills. About a month ago I received another ad. I ordered more pills, My skin is now getting smooth. Also I have more pep.”

—J. Stanevich, Ohio

“I Have A Hard Time Getting My Senior Discount!”

“I started taking Sun Chlorella about a year ago, it’s really great, people think I’m younger than I’m, I tried to get a senior discount and didn’t believe I was old as my ID says. I ran out of chlorella and started to hurt, my legs and back was hurting. I reordered and I just received a double order (4 boxes) I won’t be without it again.”

—P. Titler, Lincoln, Nebraska

Brunette at 96!

“Several years ago I was introduced to Sun Chlorella. I took it for some time, but regrettably discontinued. I’m now 96 years of age and my hair is brown.

I told my therapist I had taken Sun Chlorella years ago and attribute my brown hair to having taken it. I’m the

only brunette in a group of friends, and at age 96. Now I’m taking Sun Chlorella again.”

—C. Lucile, Wisconsin

“People Tell Me I Look 10 Years Younger!”

“I am so grateful a friend told me about Sun Chlorella and I have been taking it for 5 years. It has been wonderful for my skin- people tell me I look 10 years younger

than I am. I am happy to know the toxins are getting out of my system- (once or twice daily.) My immune system is better, so is my energy level. I recommended (and bought the product) for my neighbor. She’s doing great now. Thank you, Sun Chlorella! I intend to take it the rest of my life!”

—L. Becker, Alabama

When you take Sun Chlorella you can look forward to seeing that look of disbelief on people’s faces when you tell them your age.

Because they won’t know what you know.

You know now that the phenomenal nutrition of Sun Chlorella can revitalize every inch of you from the inside out. **That Sun Chlorella can help you fight back against the biggest fear we all face as we grow older...**

(Continued on next page)

New Research Revelation: Chlorella May Stop Your Genes From Aging!

Anti-aging scientists are fascinated with the tips of chromosomes called telomeres.

Every time your cells divide, these telomeres get a little shorter. An enzyme, called telomerase, helps build them back up again. But it can only do so much. And over time, your telomeres get shorter and shorter.

Scientists have found they can essentially tell how old you are by the length of your telomeres. When they get really short, your cells stop dividing. And your body starts to die.

The shorter your telomeres are, the closer you are to dying.

Some scientists decided to see how chlorella affected your telomere length. So they took some skin cells from old and young people and treated them with some nasty free radicals to age them even more.

Half of the skin cells they pre-treated with a chlorella extract. The other half they did nothing with.

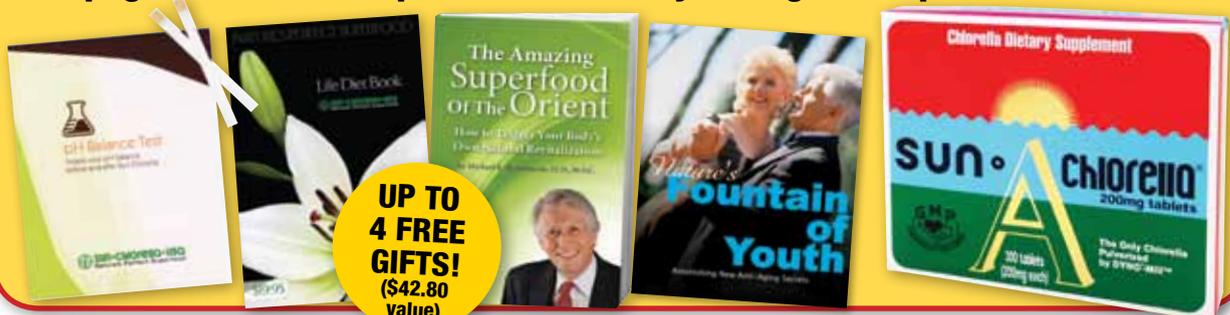

The skin cells pre-treated with chlorella had longer telomeres than the ones that did not have chlorella in their solution. **The chlorella skin cells essentially had a longer life expectancy than the untreated ones.**

Now of course, this cell study still requires clinical trials to determine whether this can be replicated by simply ingesting chlorella. However, it hints at how chlorella may change the way age affects us right down to the genetic level!

Want to age more gracefully in its tracks? Try Sun Chlorella today! See page 23 for a special introductory savings and up to 4 FREE GIFTS.

Try Sun Chlorella Today!

See pages 20–22 for a special introductory savings and up to 4 FREE GIFTS!

Please! Don't let anyone convince you that when yourself anymore... That you'll lose your indepe

Don't give into the fear... *and don't doubt yourself!*
Because now you know better. You know—with Sun Chlorella's help—you can enjoy good health and all the independence and good living that comes with it.

Now of course, it would be foolish of me to say Sun Chlorella can do everything by itself.

There are no miracle pills. And no simple fixes.

Sun Chlorella works best as part of an overall healthy lifestyle.

But when it comes down to it, **there is no better nutrition under the sun.** *And everything you do right for your health will be amplified by Sun Chlorella's powerful nourishment.*

Sun Chlorella's full spectrum of nutrition can help you...

- ✓ **Dance, skip or saunter through your days with limber joints, strong muscles and**

barrels of energy;

- ✓ Relax and enjoy each meal. No more worrying about the after-effects... no more dreading the bathroom!

- ✓ **Hone your memories down to a fine point so you don't miss a thing!**

- ✓ Enjoy sharp eyesight so you can travel, drive, read and take pleasure in the beauty of the world around you;

- ✓ **Fortify your heart so it thumps solidly in your chest like a drum.**

- ✓ Maintain a strong and vigilant natural defense system patrolling inside of you.

- ✓ **Take pleasure in looking at yourself in the mirror... and the surprise on people's face when you tell them how old you are (they won't believe it!)**

And much, much more...

But most importantly, Sun Chlorella will help you keep your independence and live your life as you choose.

I Do All My Housework Thanks To Sun Chlorella

"I am fully sold on Sun Chlorella. I have been taking it for about 9 years, I am almost 84, will be Feb. 1st, 2011.

People think I am maybe 70 yrs. If I weren't taking Sun Chlorella, I wouldn't be able to do any of my house work. I do it all, except mow my lawn. I canned over a hundred and ten jars of fruits, jams, jellies, relish juice with no help, I picked my apples, pears, apricots off my trees. I do my shopping with little help. I do not get tired."

—M. Tipton, Oklahoma

"Within A Week I Was A Different Person!"

"I was using Sun Chlorella and had renewed energy- Just fine- My doctor

put me on 15 different pills a day. Needless to say I completely forgot my Sun Chlorella! After feeling down and out of sorts, I finally remembered my little green pills! Within a week I was a different person. More energy helped me to do my household chores again. I am feeling fine again. I have given some of these pills to my relatives too. I firmly believe in these little green pills. I know they have helped me to get back on track. Thanks so much for making me a healthier, happy person."

—M. Lipnicki, Ontario, Canada

"I Enjoy Living More Because I Have My Health Back"

"I had to get off of Chlorella for about 2 months for an unrelated problem. Boy I didn't know how much it was really helping my health out. My whole body seemed to be falling apart. My digestion, strength, and mood went away with it. I am back taking my Chlorella now and I enjoy living more because I have my health back."

—L. McGarry, Michigan

"I Have Not Missed A Day Of Work In Years!"

"My Sun Chlorella story is one filled with success! I do not have a doctor, take no medication, and I also include a good exercise program and eat healthy food daily. Actually I feel better than I did when I was 25-30 years old! I own a real estate company and have not missed a day of work in years! I can

you get old, you won't be able to rely on dependence... It doesn't need to be that way!

honestly say I give much credit for my healthy body and mind to the product that I take daily. Thanks for providing such wonderful venues for healthier and better lives!"

—A. Dostal, Kentucky

78 And Working 40 Hours A Week

"I have been taking Sun Chlorella tablets for several years. I am 78 years old feel fine and work 40 hours per week. I am sure the tablets give me a lot of energy, good eye sight, clear mind and a clean digestive system. A cancer survivor of over 10 years ago am sure Sun Chlorella has given me very good health. Thanks! I am glad I tried your product years ago."

—B. Dover, Florida

stresses and pressures, I can attest to the great gift of this amazing product being the credit for the unusual energy I have and youthful lifestyle I continue to live. I am thankful I became committed years ago to using this product."

—L. Karp, California

90 Year Old Passes for 70!

"I'm 90 but they say I look more like 70. I can keep up with the 70-year-olds and outdo most of them. My secret is Sun Chlorella. I don't want anything or need anything else."

—R. Hanson, California

What's holding you back from seeing for yourself how Sun Chlorella works?

Now it's your turn. See for yourself. Your body is unique. Your life is unique. And your experience with Sun Chlorella will be unlike anyone else's. But I'm confident it will be a good one.

Defy those experts who keep saying getting old is full of frustration. Fight back against your own doubts.

Find out what Sun Chlorella can do for you.

Good health and life is a gift. Enjoy it to the max.

Joyce Johnson

Dr. Joyce Johnson, President of the Wellness Center of America

P.S. Good health is your most valuable asset. It doesn't matter how much money you have. If you lose your health, all the money in the world can't buy it back.

And you'll have no better ally for good health than Sun Chlorella. Find out what it can do for you with this special starter offer! (see p. 23)

(Continued on next page)

Wow!

You've heard from dozens of people who cannot say enough about how Sun Chlorella has changed their lives.

So let me ask you one more thing...

"Great Gift, Amazing!"

"I have been taking Sun Chlorella... faithfully each day for the past 12-13 years. I am convinced that at my age of 67, and with my daily

FREE GIFT #1

Life Diet Book—A detailed 7-day plan to jump start weight loss and transform your health

Sun Chlorella can help you maintain a healthy weight when you use it along with a good diet and exercise.

- ✓ **Sun Chlorella helps reduce cravings** by feeding your body nutrients it's been desperate to have.
- ✓ **Sun Chlorella energizes you** by feeding you right and removing toxins. With more energy, you can be more active.
- ✓ **Sun Chlorella's special support for your digestive system** makes you metabolize food better.

To make this go further, with the Sun Chlorella Starter Pack, you'll get this special Life Diet Plan, written by anti-aging expert and founder of the Center for Advanced Medicine, Dr. Mark Drucker.

In this special bonus report, you'll find out secrets to losing weight like . . .

- ✓ **The seven secrets to staying slim and healthy without constantly dieting.** Ever notice some people seem to stay trim while others are always going on a diet? Here are the 7 secrets that can help you do this. See pages 2, 3.
- ✓ **Do you hate exercising?** Probably because you don't know this simple fact about workouts that make them fun and easier to fit in a day. Check out page 2.
- ✓ **The 3 ways to change how you eat so you don't have to worry about what you eat.** Sure you need to choose your food carefully. But a lot of keeping your weight down is about how you eat your food. This guide shows you how on p. 3, 4

FREE GIFT #2

pH Balance Test Kit—See How Sun Chlorella Helps Reduce Your Body's Acidity

If your body gets too acidic, many of the chemical reactions necessary for good health won't go right. With this special pH test kit, you can track how Sun Chlorella helps you recover the right pH balance (acidity).

It's simple, safe, easy to use. And it's FREE when you order of Sun Chlorella today.

FREE GIFT #3

The Amazing Superfood Of The Orient—when you order 2 months' supply

Integrative medicine expert, Dr. Michael Rosenbaum's eye-opening book on how Sun Chlorella can revolutionize your health with its special nutrition.

In this exclusive 96-page book, you'll discover:

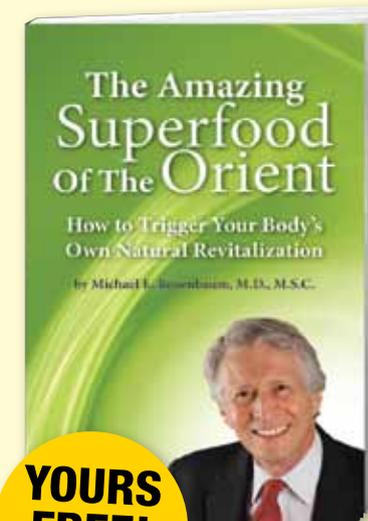

- ✓ **The root cause of disease.** Something most doctors don't look for.
- ✓ **9 invisible enemies to your health**—and how you can keep them from getting to you.
- ✓ **Better than spinach**—the simplest way to get your daily vegetables
- ✓ **“Death begins...” where?!** Find out where one Nobel-prize winning scientist says death begins
- ✓ **The real reason behind weight gain**

FREE GIFT #4

Get This Special Bonus Report For Your **QUICK RESPONSE**

When you get this special anti-aging report, *Nature's Fountain of Youth*, you'll discover 50 different ways to revitalize and renew your body—secrets to youthfulness you can use right away, like...

- ✓ **One of the worst things you can bring home from work.** This dangerous threat can undermine your health from the core (p. 2)
- ✓ **A special pigment in plants that increases your red blood cell count.** Not only that, it may be one of nature's best purifiers (p. 3)
- ✓ **Why you should think twice about taking vitamins.** And what you can do to make sure you're getting the nutrients you need. (p. 3)
- ✓ **The diet aid that seems to be making us Americans fatter than ever!** (p. 5)
- ✓ **A simple tip for getting the most out of your vacation.** Plan for this and you'll really give your body the break it needs. (p. 6)
- ✓ **A clever trick for helping you reach your exercise goals.** Do this and you'll have more motivation to keep going (p. 7)
- ✓ **One of the risks with exercise.** Something you need to guard carefully against lest it make it impossible to stay active. (p. 7)

My promise to you: Love what Sun Chlorella does for you... Or you'll get every penny back—even if you're down to the last tablet **OUR 100% MONEY-BACK TRIPLE GUARANTEE**

As I explained in my grandfather's story (see insert), Sun Chlorella has a mission.

I am committed to making sure that every person who invests in Sun Chlorella tablets gets full satisfaction from the purchase.

I have taken Sun Chlorella since I was a baby and I've seen the hundreds of lives changed by this special whole food supplement. I have no doubt in the promises we've made here. But ultimately I want you to have the same confidence. And most importantly, I don't want you to miss this opportunity to try Sun Chlorella for yourself because you're worried about taking a risk.

That's why we offer this **100% Satisfaction Triple Guarantee**. So you are protected in three ways:

Guarantee #1: Sun Chlorella is guaranteed to be the purest, most absorbable and most powerful form of chlorella available. It is scientifically proven to be TWICE as digestible as ordinary heat-treated chlorella.

Guarantee #2: We promise Sun Chlorella will help your body perform at its best thanks to its 1.) Unmatched Purifying Power; and 2.) Supreme Nutrition

If you don't love the results you get from Sun Chlorella, you can return your initial purchase at any time and get a 100% refund. Even if you've opened the packages and you're down to your last tablet. You'll get every penny back, including shipping and handling, if you're not satisfied for any reason.

Guarantee #3: If you decide to

get a refund, all of your free gifts—the free book, the free report, the free pH Test kit and the free "Quick Response" bonus—are yours to keep with my compliments.

My grandfather had a dream that everyone would have the chance to enjoy Sun Chlorella's nutrition. That's why we make sure there's no risk to you. So you can see for yourself, the nutritional power of Sun Chlorella.

The only risk you face is in missing this opportunity. Please turn to page 23 and use our Introductory Offer Certificate to place your order today.

Sun Chlorella Is A Bargain!

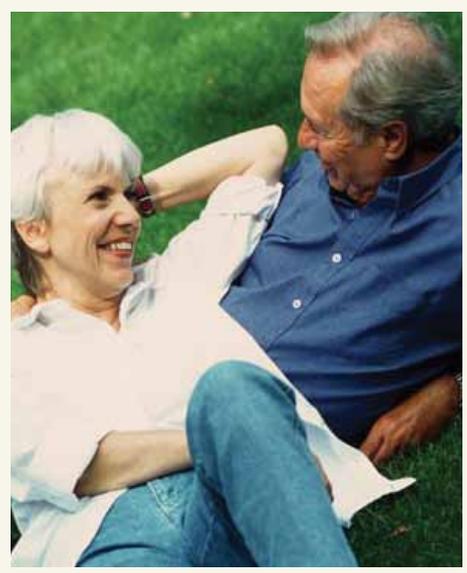

Some things you buy aren't worth the money. Take medicine for instance. Are the hefty price tags of prescription drugs justified when they also come with so many side effects?

However, take it from me, when it comes down to the difference Sun Chlorella can make in your life, it's worth every penny! At under \$40, you can fuel your body up with Sun Chlorella for 40 days! That's about what it costs for two tickets to the movies and popcorn... But only the Sun Chlorella can add years to your life...

And every penny you put towards Sun Chlorella will be returned and multiplied when you consider the money you save on healthcare expenses.

Like everything in life, it costs more to fix something than to take care of it and prevent it from getting broken in the first place. That's why I say invest up front in your health and cut out the expenses down the road.

Try Sun Chlorella Today! You'll find it's the best investment in your health you can make!

Why These 6 Doctors Swear By This Japanese Superfood

"It's never too late to help turn back your aging clock and feel energetic and healthy. This is the whole food supplement that **EVERYONE** needs to enjoy life to its fullest. It has helped revitalize my health and thousands of my clients."

—Dr. Joyce Johnson, President of The Wellness Center of America

Dr. Michael E. Rosenbaum:

"In my 35 years as a physician, I've never seen another superfood or supplement deliver real results like this."page 3

Dr. William Kellas:

"My doctors told me I would have to be in a wheelchair.. Good nutrition and this superfood have been key to reclaiming my health."page 13

Dr. Shera Raisen:

"I haven't had a severe headache in more than 8 years and counting!"page 12

Dr. Matthias Maas:

"I ride my bike to work every morning. And I still have the energy to work 18-hour shifts taking care of my patients."page 12

Dr. Mark Drucker:

"It is so effective in so many ways I recommend it to all my patients. And yet, it is so safe, I've been giving it to both my children since they were 8 months old."page 12

Inside: the closest thing to the ideal nutrition for the human cell!
